Example

15 teams are entered in the event points will be awarded on a sliding scale dependent on position achieved that day, winning team will receive 15 points, second 14 and so forth down to the last team being awarded 1 point.

In the case of identical scores when qualifying for the finals stages the number of wins during the competition will count, should that not be decisive then it will move down the list to wins, then seconds etc

Teams can consist of a captain and up to 5 other players and team selection will be the responsibility of the captain.

There will be two complete cycles, 8 games, before moving to the final stages

The Quarter, Semi and finals will all be in the Stableford format.

To
adjudicate rulings that may occur during the competition a three-person panel will be the final arbiters of all such matters. I will chair this panel and the committee will appoint two other team captains.

Commencement date will be 8th November and dependent on numbers will be played every second Sunday thereafter.
